

Wastewater

The Village Water & Wastewater Utility also operates Indiantown's wastewater (sewer) system with a focus on environmentally sound practices that meet or surpass all government mandated standards to protect public health and the environment. Utility personnel receive State recognition and certification following extensive training in the collection, treatment, disposal and recycling of more than **500,000** gallons of wastewater each day. We are committed to providing the most cost-effective, efficient and quality service to our residential and business customers.
