

# About Your Meter

All water meters are furnished by and remain the property of the Village of Indiantown. All water service must pass through the water meter. No temporary pipes, nipples or spaces are permitted and under no circumstances are connections allowed which may permit water to bypass the meter or metering equipment.

If you receive a bill that is higher than usual, contact our Customer Service Office for assistance. In most instances, we investigate a high reading before mailing your bill to you. The most common reasons for high water usage are excessive irrigation and leaky plumbing fixtures.

View [\*\*some conservation tips and possible causes of excessive water usage\*\*](#). Every water-using appliance or activity in your home/business can make a difference.
