

# ADDRESS ASSIGNMENT

The purpose of assigning street names and address numbers is to assist the general public and private sector in locating individual streets, buildings, and places in an easy and logical manner. This is also for the protection of health and safety of all persons living, working, or visiting the Village of Indiantown. Refer to LDR Sec. 5-2 for requirements.

## **Complete an address assignment application for the following items:**

- Assign new addresses within the Village.
- Solve issues with problem or questionable addresses located within the Village limits.
- Correct/Change any necessary addresses.

## **Process of Address Assignment:**

1. Property Owner must complete and submit the [Address Assignment Application Form](#)
2. Application is reviewed for compliance with the addressing requirements.
3. If the request can be approved, the new or change of address will be issued and the applicant will be notified in writing. If the request cannot be approved, alternatives will be discussed with the applicant.

All structures addressed must be identified by the numeric address provided and "displayed in a manner to be easily accessible and visible" from the adjacent road, street, or highway. This is to be displayed for emergency personnel and the general public.

If you have any questions pertaining to addressing in the Village of Indiantown, please contact the Planning and Zoning Department at (772) 597-8269.
