

# Know the Local Business Requirements

## Know Your Zone

To determine if your proposed business is zoned and permitted within the Village of Indiantown limits or if other required site improvements are necessary for your business operation contact the Village's Business Services Division at 772-597-8281. Are you a new business to Indiantown or moving your current business? The Village requires each new business to obtain a Certificate of Use to assure that the business is allowed in the zoning district where it is located.

Visit the Village's [Business Services Division](#) webpage or contact them at 772-597-8281 for further assistance.

## Renovations or Build Outs

If you are planning to renovate an existing unit or building, you are required to first obtain building permits. Visit the Village's [Building Services Division](#) or contact them at 772-597-8281 for further assistance with the permitting process.
