

# US Historically Underutilized Business (HUB) Zone

**TO GIVE A LEG UP FOR BUSINESSES** in HUB zones like Indiantown, the Federal government **limits competition** for specific contracts to qualifying businesses in the zone.

It also gives **preferential contract consideration** to those businesses in full and open competition.

Joining the HUBZone program makes your business eligible to **compete for the program's set-aside contracts**.

HUBZone-certified companies also get a **10 percent price evaluation preference** in full and open contract competitions.

To learn more about the qualifications and **benefits to you**, see:
