# VILLAGE OF INDIANTOWN CONFLICT OF INTEREST POLICY

## ARTICLE I Purpose

The purpose of this policy is to establish a code of ethics related to conflicts of interest covering public elected and appointed officials associated with the Village of Indiantown. This policy is intended to supplement but not replace any applicable laws governing conflict of interest.

The Village Council hereby determines that Indiantown Village government exists to serve the people of Indiantown, and in order to do so effectively, the residents of the Village must have confidence and trust in the integrity of their government. The public evaluates its government by the way its elected and appointed officials conduct themselves in the posts to which they were elected or appointed. Village officials hold positions of public trust under the scrutiny of public opinion and their actions must be above suspicion. The public deserves elected and appointed officials who maintain the highest ethical principles and avoid misconduct and conflicts of interest, apparent or real. The public has the right to expect that its public officials will conduct themselves in a manner that will preserve public confidence in and respect for the people they serve.

- This Conflict of Interest Policy provides an ethical guide and specific principles which reflect the ethical values of the City of Indiantown.
- This Conflict of Interest Policy is designed to promote high ethical standards and conduct, and to foster a healthy culture throughout Village government. It is the benchmark for all who serve the Village to assist them in fulfilling their responsibilities to the people of Indiantown.

## ARTICLE II Definitions

*Appointed Officials.* Appointed Officials are those individuals appointed to a Board, Commission or Committee of the City.

*Conflict of Interest.* A conflict of interest is present when, in the discharge of official duties, an elected or appointed official participates in a governmental decision, action or transaction in which he or she has a financial interest, except for those interests when the financial interest is no greater than that of another member of his or her business classification, profession or occupation.

- a. *Financial Interest.* A financial interest is any interest, including loans, which shall yield, directly or indirectly, a monetary or other material benefit to the elected or appointed official (other than monetary or material benefits authorized by the Village). A financial interest of a local public official's employer (other than the Village of Indiantown), his or her associated business, or his or her immediate family as more specifically defined below, and their employers of associated businesses shall also be considered a financial interest of the local official or volunteer.
- b. *Exception.* The following assets shall not be considered a financial interest for

purposes of this policy: (1) ownership of shares in a diversified mutual fund; (2) membership in a pension plan or employee benefit plan; (3) de minimis ownership of bonds or publicly traded securities; (4) ownership of a whole life insurance policy.

*Immediate Family.* Immediate family shall be defined as spouse, domestic partner, parents, children, siblings, father and/or mother in-law, son and/or daughter in-law, sister and/or brother in-law, step children, step siblings and half-brother and/or sister.

### ARTICLE III Persons Covered

The Village Council of the Village of Indiantown determines that it is in the best interests of the residents of the Village to preserve the public confidence and integrity of government officials and to promote trust of the people in the objectivity of their public servants. Therefore, this Code of Ethics covers all officials elected and appointed to a position in the Village of Indiantown.

### ARTICLE IV Expected Conduct

Public elected or appointed officials must put the public interest ahead of their own personal advancement and financial interests, disclose conflicts of interest, and refrain from participating in decisions where a financial interest exists. Public officials must avoid actions that might impair independence of judgment or give the appearance of impropriety or a conflict of interest. Public officials must not use their position to gain privileges or special treatment. Public officials of the Village shall avoid any situation that might give rise to or even suggest the potential for a conflict of interest. Public elected or appointed officials shall abstain from participation in **discussions, deliberations and voting** on a Village contract in which the public elected or appointed official's or any member of that official's immediate family has a direct, indirect or pecuniary interest. When a non-contract matter comes before the Village in which a public elected or appointed official or anyone in the official's immediate family has a direct, indirect or pecuniary interest, the official shall abstain from participation in discussions, deliberations and voting on that matter.

### ARTICLE V Conflict of Interest in Contracts

Generally, public officers may not have a personal financial interest in a sale, lease or contract they are authorized to make in their official capacity. A "public officer" includes the Mayor and any Councilmember. In some circumstances, the designation may also include appointed officers and employees who are able to influence contracting decisions.

The attorney general has advised that the conflict of interest law applies to any Council member "who is *authorized* to take part in any manner" in the making of the contract. Simply abstaining from voting on the contract will not allow the contract to be made. The attorney general reasoned that if the Legislature had only wanted to prohibit a contract with an interested officer who votes on the contract, it would not have used the word "authorized."

A literal reading of the statute might suggest that it does not apply to Village officers who are unable to make a contract on behalf of the Village. However, the attorney general has given the statute a broad interpretation, which could mean the statute affects more officials than just those

who actually make the decision to enter into the contract. As a result, it may be wise to take a conservative approach regarding contracts with any Village official.

The law would appear to prohibit a contract with a public official who has had the opportunity to influence the terms of the contract or the decision of the governing body.

## ARTICLE VI Addressing Conflicts of Interest

To address conflicts of interest:

- a. An elected or appointed official shall not participate in making decisions or attempting to use his or her position to influence any Village government decision, action, or transaction in which the public official knows or has reason to know that he or she has a conflict of interest. To participate means making a decision, taking action, entering into a transaction, providing advice supporting a recommendation, introducing, sponsoring, debating, voting on, approving, and/or investigating the decision, action or transaction. Participation includes the direct and active supervision of the participation of a subordinate in the matter. Participation is more than official responsibility, knowledge, dutiful involvement, or involvement on an administrative or peripheral basis.
- b. A local public official may participate in a Village government decision, action, or transaction involving an organization or entity if the public official or immediate family member is an officer, director, board member, or trustee but does not have a financial interest in the governmental decision, action or transaction. However, the public official must disclose his or her affiliation with the organization or entity as though it was a conflict of interest.
- c. A local public official may participate in a Village governmental decision involving a related person, other than his or her immediate family, if the public official does not have a financial interest in the governmental decision, action, or transaction. However, the public official must disclose his or her relationship with the related personnel as though it were a conflict of interest.

## ARTICLE VII Disclosure of Conflicts of Interest

If an elected or appointed official in the discharge of his or her official duties recognizes that his or her participation could create a conflict of interest, the public official shall disclose the conflict of interest as follows:

- a. The Mayor and members of the Village Council shall disclose the conflict of interest to each other as soon as they become aware of the conflict. If such official becomes aware of a conflict during a meeting of the Village Council, or any of its Committees, the official shall immediately disclose the conflict of interest orally. Because the Mayor or Village Council members may not attend all Village Council or Committee meetings, oral disclosure may consist of a written statement being read into the record by the Council President at the next regular meeting of the Village Council.

- b. If the local official is a member of the Village Council or the Mayor, the official shall not participate in any discussion or vote on any matter involving the conflict of interest. Although the Mayor or Village Council member must abstain from voting on the matter, he or she shall be counted present for purposes of a quorum.
- c. An appointed official shall disclose a conflict of interest orally to the Committee Chairperson. The oral disclosure of a conflict of interest shall include describing the matter requiring action or decision and the nature of the appointed official's conflict of interest. In all situations an appointed official shall remove him or herself from participating in any discussion, action or decision in question in which he or she has a conflict of interest.
- d. All oral disclosures of conflicts of interest shall be documented in the minutes, if any, of the respective Village Council or Committee meetings.
