

Village of Indiantown Fence Permit Supplement & Checklist

All fence permit applications in the Village of Indiantown must complete the following supplemental information.

<p>Applicant Name: _____</p> <p>Address: _____</p> <p>_____</p> <p>Property ID# _____</p>

Properties within Indiantown must abide by the following design standards:

1. Plain concrete block and/or barbed wire fences are prohibited.
2. Chain link fences in residential areas are permitted in rear yards only.
3. Chain link fences in an Industrial land use may be used in any location, but must have vegetative screening on the outside of the fencing where visible from adjacent properties, or along any street frontage.
4. A maximum fence height of three (3) feet between the front of a building and the road right-of-way is permitted. A maximum fence height of six (6) feet is permitted for the remainder of the lot, and all fencing within the Industrial area.

Please provide the following information:

- Fence Material _____
- Fence Height _____

PERMIT # |__|__|__|__|__|__|__|__|

Last Name of Applicant _____

Sketch:

(Please show where the fence will go on the property and identify the height of each side and location in relationship to the home.)
